APPRECIATES HELP

DR. TAYLOR PRAISES LOYALTY OF MARYVILLE TO THE NORMAL.

WILL BUILD UP SCHOOL

Spirit of Community a Large Factor in Growth of Normal—Appreciation of Those Who Helped.

Dr. K. K. Taylor, president of the Normal school, issued a statement Tuesday expressing the appreciation of the school and himself for the services given by Maryville during the track meet, which proved to be one of the big events of the city. The statement is as follows:

"I desire to express my appreciation of the services rendered by the following in carrying out the track meet and contest, the short course in home making and the Teachers' association.

"The Commercial club and business men for valuable assistance in decorating the town and thereby adding so much to the spirit of the occasion; to the people in general who co-operated readily and cheerfully in the entertainment of the guests and patronized the events so liberally; to The Democrat-Forum and Tribune, that gave their space so generously to advertising the event; to the News-Press for special reports; to the Alderman Dry Goods company; to the Free Light Acetylene Co.; to the Maryville Furniture Co.; to the Barber Hardware Co.; to the Field-Lippman Music Co.; to Grundy & Co.; to Mr. Fred Bellows, representing vacuum cleaners; and last but not least to our faithful faculty and student body that, without exception, threw themselves into the work, and whether on the program or on a committee, gave unremitting attention and fidelity to their duties.

"It is a great source of satisfaction as well as of great value to the school to have a community show its loyalty to the school as Maryville is doing. It means that this, together with other influences, is going to secure to our summer term an increase in the patronage of the school unparalleled in its history."

BALL GAME WEDNESDAY.

Business College and Normal Teams to Play at Normal Park.

The Maryville Business college base ball club will open its schedule when they will play the fast Normal base ball club at the Normal park, Wednesday evening at 4:15.

The Business college will line up as follows:

Clark, catcher; Hopper, pitcher; Fisher, short stop; Basford (captain), first base; Miller, second base; Blatter, third base; Schoonover, left field; Yeaman, center field; Johnson, right field; Fraser, utility.

On account of the injury of Fred Vandersloot, the Normal short stop, Coach Moore will have to shift his line-up. He hasn't decided upon his line-up for Wednesday's game as yet. It is likely, however, that Taylor will fill the vacancy at short.

TO HAVE FINE GARAGE.

Mason & Wilderman's New Place Will Be Ready for Occupancy Next Week.

Mason & Wilderman's garage will be ready for occupancy next week. The owner of the building, Mr. Hartley, has made considerable improvements on the old bus barn, and it will make one of the best garages in this part of the state. Mason & Wilderman are the agents of the R. H. C., E. M. F. and the Flanders, and the Pratt Elkhart automobiles. They received this week four cars of R. H. C., Flanders and E. M. F. automobiles.

FOUR WERE FINED

By Mayor Robey Monday on a Charge of Drunkenness—Three Working on City Rock Pile.

Monday was a somewhat busy day in Mayor Robey's police court, as four cases were up before his honor. John Hays, for drunkenness, was fined \$5 and costs; Rufus Palmer and Chester Williams, both colored, were fined \$2 and costs, the fines being paid, and Charles Hostetter, an old offender, was fined \$20 and costs, amounting to \$24.50, for being drunk. Hays and Hostetter, being unable to pay their fine, were put to work for the city on the rock pile back of the city hall. Another city prisoner working on the rock pile is Morford, who was fined last week.

The city secured the rock pile from J. H. Gray at the postoffice site, being the concrete foundation wall that was in the ground, having been put in there a number of years ago. The city will use the small pieces of stone to fill up places under the paving and for other city work.

WINS CASE AGAINST A BANK.

A Stockholder Prevents Officials From Canceling His Stock.

The Kansas City Times of Tuesday had the following:

Francis Lyons, 20 years old, owned three shares of stock in the Bank of Conception, Clyde, Mo., when it failed a year ago. A majority of the stockholders agreed on a plan for reopening the bank, by an agreement to pay \$200 each on each \$100 of stock they owned. Lyons wouldn't pay, so his name was stricken from the list of stockholders.

He brought suit to compel the bank to recognize him as a stockholder. The circuit court in that county upheld the bank officials. The Kansas City court of appeals, however, reversed the case yesterday and directed an order restoring Lyons' name on the books as one of the stockholders. It was a voluntary act on the part of the stockholders who did pay, the court held, and the majority had no right to cancel the stock of those who did not pay.

NEW BOOKS FOR LIBRARY.

Were Received This Week and Are Now on the Shelves—Are Mainly Fiction Books.

Librarian Grace M. Langan received this week a number of new books which are now on the shelves in the public library. The following is a list of them: The Band Box, by L. J. Vance; The Butterfly House, by M. W. Freeman; A Chain of Evidence, by Carolyn Wells; Hidden House by Amelia Rives; A Hoosier Chronicle, by Meredith Nicholson; Man in Lonely Land, by K. L. Bosher; My Lady Caprice, by Jeffery Farnol; Sally Salt by Mrs. Wilson Woodrow; Touchstone of Fortune, by Charles Major; Vane of the Timberlands, by Harold Bindloss; The Harvester, by Gene Stratton Porter, and Danny's Own Story, by Don Marquis.

Found His Money.

Eugene Cummins, a son of Dr. and Mrs. K. C. Cummins of this city, lost a five-dollar bill and a two-dollar bill rolled together, the day before the track meet. He advertised his loss in The Democrat-Forum, and on Tuesday the money was brought to this office for him. The money was found by Miss Florence Lawson of near Wilcox, just as she stepped from the train at the Wabash depot. She did not think to look in the paper until Monday, when she saw the advertisement. Eugene Cummins thinks it pays to advertise in The Daily Democrat-Forum. And so does everyone else who has tried its value.

Will Leave for California.

Mrs. Joseph Everhart and daughter, Miss Minnie Everhart of Pickering, will leave Wednesday noon for San Francisco, Cal., on a visit to friends there. They will spend two months at various places on the coast, but will spend a greater part of the time with their daughter and sister, Miss Ola Everhart, at Santa Rosa, Cal. Miss Everhart has been at Santa Rosa for the past three years, where she is conducting a music studio with splendid success. She is a graduate of the Maryville Conservatory.

Praises the Track Meet.

Monday's issue of the Chillicothe Constitution, the paper that had a representative at the track meet Saturday, is loud in the praise of the excellent manner in which the meet was managed. "At no time in the course of the events," says the down-state paper, "was there occasion to dispute the manner in which the meet was governed."

RASCO MONEY HERE

EXPENSES OF TRIAL PAID BY STATE AGGREGATE NEARLY \$3,000.

READY TO DISTRIBUTE IT

County Treasurer is Anxious to Pay Off Witnesses and Jurors in the Famous Trial.

County Treasurer S. H. Williams received Monday a check for \$2,866 from State Auditor Gordon to pay the expenses of the Rasco case. The money will be paid out now at any time, and as a large number of witnesses and jurors have money coming to them, they are requested to call at the county treasurer's office and receive the same.

The expenses of the Rasco case are paid by the state.

Among some items of expense in the case were the fees of Circuit Clerk Rathbun, amounting to \$497.33; the fees of Sheriff Tilson, amounting to \$339.25; boarding the prisoner, \$245; Justice of the Peace Johnson, who arraigned him, \$2; Court Stenographer Harry M. Irwin, transcript of evidence, 700,000 words at 10 cents per 100 words, \$700; Prosecuting Attorney George Pat Wright, fee for securing conviction, \$25; fees of witnesses, \$628.20; fees of jurors, \$491.45; witnesses fees for change of venue, \$27.80.

MRS. H. E. ROBINSON VERY ILL.

Serious Illness From Pneumonia and is in Hospital at Clinton, Ia.

Mrs. Eunice Graves of this city received a special delivery letter Monday telling of the serious illness from pneumonia of her sister, Mrs. H. E. Robinson, formerly of Maryville, in a hospital at Clinton, Ia., where she moved last Thursday with the family of her son-in-law, Frank Terhune. Mrs. Graves is waiting further word before going to Clinton. Mrs. Robinson has been making her home with her daughter, Mrs. Terhune, since about a year following the death of her late husband, Dr. H. E. Robinson, founder and for many years editor of the old Maryville Republican. Mr. Terhune and his family moved to Clinton from South Bend, Ind., where Mr. Terhune was secretary of the Commercial club. He has become a signal success in that line of work and has received flattering offers from many towns and cities for his services. He went to Clinton to engage in work with the Commercial club of that place.

AN UNUSUAL DIPLOMA.

A Boy at Guilford Honored by School Board of That Town—Was Never Absent Nor Tardy.

At the close of the commencement exercises of the Guilford schools and of the rural schools of Washington township Monday night, when the diplomas were presented to the graduates, President Carl Wray of the school board presented another diploma to an 11-year-old boy, Harold Davis, as a mark of distinction. Harold has never been absent nor tardy at school since he started, and the school board decided that it was their place to show some appreciation of a student who was so prompt. The diploma was presented before one of the largest audiences that has ever assembled in Guilford. He is a son of Mr. and Mrs. A. L. Davis of Guilford. County Superintendent Oakerson delivered the commencement address to the graduates. The exercises were held in the M. E. church, South, of Guilford.

Miss Hope's Guest.

Miss Ruth Hine returned to her home in Savannah Monday evening. Miss Hine came to Maryville Friday and was the guest of Miss Fannie Hope for the oratorical contest and track meet. Mrs. Hine was also here until Saturday evening as Miss Hope's guest, and accompanied Mr. Hine home in his car. Mr. Hine is a member of the board of regents of the Normal, and was here Saturday afternoon for the track meet.

Visiting at Colbert's.

Mrs. Dr. Graham and three children of Des Moines are visiting at the home as Dean and Mrs. George H. Colbert. Mrs. Graham is Mr. Colbert's sister.

A marriage license was issued Monday in St. Joseph to Chance E. Litter and Anna L. Weddle of Skidmore.

Mrs. W. F. Moyer went to Barnard Friday evening to visit her sister, Mrs. Chris Buttman.

LOW INTEREST RATE

BONDS CAN BE SOLD TO GOOD ADVANTAGE BY THE CITY.

REFUSE TO COMPROMISE

Board Still Thinks \$39,000 Fair Price for Water Works—Ask Representatives to Come Here.

The board of public works, at a meeting held Monday afternoon, took up Mr. Street's last letter to the board, in which he offers the water plant for \$54,000. The board still holds to their price of \$39,000 as a fair value.

The board also decided that it was necessary to have a bond attorney, one whose opinion will be taken by the bond buyers, and decided to ask the city council to be authorized to hire one.

So an adjourned meeting of the council was held Monday night, and Messrs. R. L. McDougal and S. G. Gilman appeared before the council. They made a report of their trip to St. Louis and Chicago and found that the bond issue will be saleable at 4½ per cent interest, but learned that the best way to succeed was to hire a bond attorney, one whose opinion was accepted, and have him go over the proceedings of the city from the time the election call on the bond issue was made up to the present time, taking only the proceedings appertaining to the bond issue, to see that the proceedings are legal and regular, and to have him also make out the form of the bond, when the board of public works has fully determined on whether to have a serial or an optional bond. Then as soon as this is done, the bonds can be printed, signed up and registered, and then calls for unconditional bids can be made; or, in other words, it will not be necessary for the bond buyers to hire an attorney to look into these matters, taking a long time to see that everything is regular and legal, as the opinion of the bond attorney will be readily accepted.

Another reason why the bond attorney should be hired is that it will save considerable time, and that when the board gets ready to do business they will be in position to do so and will not be delayed by having the bond buyers making an investigation of the proceedings of the council and other matters.

The council authorized the board to hire an attorney, whose fees will be \$125. The council and board feel that the compensation is very reasonable, taking into consideration what the bond attorney will accomplish, and that the bond issue is for \$100,000.

The following is the letter that was sent by the board of public works Monday to C. F. Street, president of the water company:

"We have your letter of the 22nd. "Having in mind that our negotiations with you must soon terminate, we have been giving most careful consideration, during your absence in London, to every feature of the plant and we still feel that our estimate of \$39,000 is the fair value thereof to us and we do not feel that through a process of splitting differences or arbitration we should allow ourselves to pay more than the plant is worth. If we pay above the \$39,000 it will be through being convinced that we are justified on a 'value received' basis in doing so.

"We suggest that you come here in person, or send someone authorized to come to an agreement with us, and we will then be pleased to go over the figures, item by item, and if we have failed to give full fair value we will most gladly change our figures to cover the same. It seems to us that through this course we should be able to arrive at an agreement, or if not that, to know that further negotiations are useless.

"We are very anxious to begin the work of improving your plant, if we buy it, or the building of a new one, and shall hope you will act promptly on our suggestion to come here prepared to close an agreement with us and we will make a final effort to get together."

Announce Birth of a Daughter.

Mr. and Mrs. Charles Needham of Narrows, Ore., announce the birth of a daughter, born to them on April 14. Mrs. Needham is the daughter of Judge and Mrs. H. H. McClurg of Pickering, Mo. The baby has been named Opal Ellen, in honor of its grandmother, Mrs. McClurg.

Mrs. J. W. Lattin of Clyde was a city visitor Monday.

WHITE CLOUD COMMENCEMENT.

TO PRESENT BOND PETITION.

There Are a Number of Signers to the Union Township Petition for \$15,000 Road Bond Issue.

The township board of Union township will present to the county court which will meet next Monday the petition requesting the court to set aside an election day in that township to vote on the \$15,000 bond issue for the purpose of permanent road improvements. Only twenty signers are necessary for the petition to the county court, but on Monday there were over sixty signers. There seems to be quite a sentiment in that township for the bond issue, and it looks as if the proposition will carry.

IS A GOOD SPEAKER.

Rev. M. F. Crowe Arrived Monday and is Conducting Meetings at M. E. Church, South.

Rev. M. F. Crowe, pastor of the M. E. church, South, of Salisbury, Mo., arrived in Maryville Monday night and made a short talk at the revival services that have been commenced at that church, under the supervision of the pastor, Rev. W. J. Parvin. Rev. Crowe impressed everyone very favorably. He is a fine speaker and has met with success as an evangelist. He will preach each night this week, beginning at 8:15 o'clock. His subjects will be announced each day after Tuesday. The song service led by Mr. Llewellyn will begin promptly at 7:45. Miss Myrtle Sheldon will assist in the singing. The public is cordially invited.

Superintendent of Rock Port Schools.

A report has reached Maryville that Rev. R. J. Spickerman, pastor of the Baptist church at that place, has been elected superintendent of the schools of Rock Port. Rev. Spickerman's relatives here have not heard from him in regard to it, but it was known that he had the matter under advisement, with the privilege, in case of his election, of also holding his pastorate there. Rev. Spickerman has been teacher of history in the high school there for several years. He is a close student, a preacher of acknowledged ability, and he possesses the qualifications of an educator in a large degree.

Miss Bertha Snapp returned to her employment in Kansas City Monday morning. Miss Snapp has been with her parents, Mr. and Mrs. John Snapp, the past month, recovering from an attack of appendicitis.

Mrs. S. Dillon returned to her home in St. Joseph Monday evening from a visit in Maryville with her son, S. A. Pickett of East Seventh street, and her sister, Mrs. Alfred Green of East Jenkins street.

ELEVATOR ORDERED

CONTRACT LET FOR NEEDED IMPROVEMENT AT THE HOSPITAL.

STILL LACK ABOUT \$600

More Money Needed to Complete Sum Required, But Committee is sanguine of Raising It.

G. S. Montgomery, representing the Kimball Elevator company of Kansas City, was in Maryville Monday and was given an order by Rev. Mother Augustine of St. Francis hospital for a new electric elevator for the hospital, the money for which has been secured by subscriptions through the newspapers of our city and through the work of Nic Sturm and C. J. Alderman. Mr. Montgomery agreed to have the new elevator in place by June 15.

It is the expectation of Messrs. Sturm and Alderman that the money yet needed, about \$600, will be easily raised by that time, as people are responding cheerfully and gladly to their soliciting.

The old elevator shaft will be the shaft for the new elevator, as it will be impossible to change its location. The shaft is on the north side of the building, at the east of the entrance. A surface door will be placed so that the ambulance may be driven up to the door and the sick persons taken right into the elevator from the ambulance and conveyed to the floor they will occupy. The elevator is guaranteed to carry 2,000 pounds and do its work perfectly for one year. There will be double iron automatic doors and everything about the elevator is of the latest improvements. The cost of the elevator and all work attending its installation will be \$2,500.

The elevator has been very much needed by the hospital for a long time.

ARE DRAGGING ROADS.

A. O. Mason to Drag Road East of the City—Many Farmers Are Dragging on Saints' Highway.

A. O. Mason has been employed by the Commercial club to drag the Saints' Highway, east of Maryville for five miles, and to continue the work at stated intervals. Many of the farmers on the Ridge road, a part of the Saints' Highway, have been dragging the road, and those that have been over it say it is in fine condition.

The farmers should take more interest in dragging roads, as it means a great deal to them and the users of the road.

Pierce Fleming to Hospital.

Pierce Fleming of Graham, who was so nearly fatally burned in the fire that burned the palatial residence of his father, T. E. Fleming, went to St. Joseph hospital Tuesday morning to consult physicians in regard to what may be done to prevent any further disfigurement to his face and head. He was accompanied by Dr. Morgan of Graham. Mr. Fleming is recovering nicely, but there is fear that his face will become more drawn as the healing progresses.

Returned to St. Joseph.

Miss Pauline Martin and her brother, Marion Martin, returned to their home in St. Joseph Monday evening. They came to Maryville Friday night to attend the oratorical contest and track meet and were guests of their grandparents, Dr. and Mrs. F. M. Martin. Miss Pauline will graduate from Central high school of St. Joseph in June.

St. Louis Live Stock Market.

National Stock Yards, Ill., April 29.—Cattle receipts, 2,500. A weak, lower trade at Chicago as a starter this week had no effect on the local cattle market today. Trade at St. Louis was active; steers selling steady, with butcher cattle steady to strong. A top for steers was hung up at \$8.75. Two loads of heifers brought \$8.60. This is a record never before established at this point.

Hog receipts, 10,500. Weakness dominated the trade throughout today. Values were 5 to 10c under Saturday. Top was \$8.10, with bulk of the good hogs at \$7.60 to \$8.00.

Sheep receipts, 2,000. Market advanced 25c today, but common to half-fat grades are not sharing the advance. Top clipped lambs at \$8.40 today, but choice will bring \$8.75 to \$9.00. We quote good to choice clipped as follows: Wethers, \$6.60 to \$6.90; ewes, \$6.25 to \$6.65; bucks \$5.00 to \$5.50. Spring lambs commanding \$7.50 to \$11.00.

"YOU GOTTA QUIT—"

Of Course That Isn't Their Motto, But You Think of It.

The senior class of the Maryville high school has conceived the cutest class pennant you can think about.

A healthy looking black bull dog, rimmed around with green adorns the pennant magnificently. He was drawn by Harry Alderman, and is the exact counterpart of Harry's high bred pup. The letters M. H. S. finish out this striking pennant.

We don't know what the class motto is, but since nearly all of the class members are Champ Clarkites one can't help but think its:

"You Gotta Quit—" O land, no! We mean it is:

"We've got a good grip and can't let go."

Left for Canton.

Mr. and Mrs. Wellington Dusenberry left Monday for their new home at Canton, Mo., where Mr. Dusenberry will oversee the work of the electric light plant of that city. Mr. Dusenberry was in the employ of this company before coming to Maryville, and Manager Millsbaugh of Canton has been coveting him ever since he returned to Maryville, and has at last succeeded in making him an offer sufficient to win him to Canton. Mrs. Dusenberry, who was Miss Morna Lamar, will be missed from Maryville social circles, where she has been a favorite for some time as hostess and guest. The best wishes of many friends follow them.

Court Stenographer Here.

Mr. and Mrs. Arthur A. Brewer of St. Joseph arrived in Maryville Tuesday and will make this city their home. Mr. Brewer has been appointed court stenographer by Judge W. C. Ellison. Mrs. Brewer was formerly Miss Vera Chittendon of St. Joseph, who attended the State Normal here a few years ago.

Schools Employed Teachers.

Miss Golda Roach has been employed by the Bell Grove school, south of the city, as teacher for the next year at a salary of \$60 per month. Miss Ruby Ruddle has been employed by the Elm Grove school, north of the city, as teacher for the next year.

Returned From Jefferson City.

Attorney George Robb Ellison returned from Jefferson City Tuesday morning, where he had been before the supreme court, arguing the case of the water company of St. Joseph vs. the board of managers of state hospital No. 2 in that city.

Was Placed Under Arrest.

Sheriff Tilson went to Bolckow Tuesday and placed under arrest Thomas Cuniff of near town, who is charged with being drunk on a train.

Guests at Cummins Home.

Mrs. J. B. O'Malley and two little daughters of King City are guests of Mr. and Mrs. T. A. Cummins for a few days.

Walton Frank of King City returned home Monday night from a visit since Friday with his uncle, W. C. Frank, and his cousin, Arch Frank, and families.

Mrs. Mary O'Malley and daughter, Miss Ruth, of Albany spent Monday in Maryville, the guest of Mr. and Mrs. R. G. Sanders.

Mrs. Frank Compton of Burlington Junction came to Maryville Tuesday to visit her sister, Mrs. Ada Jones.

WHEN THEY WENT BACK HOME

Humorist Records Some Surprises That Attended the Occasion of Popular Celebration.

During a recent Old Home Week in an up-state village the following "never-will-amount-to-anthings" were in attendance:

John Wilson Clarke, who was always too lazy to do the chores, came up from New York in his big seven-passenger car. On account of pressing work he could stay but a few hours.

Ex-Gov. Silby Kirkwood, who was naturally thick-headed and half-baked in his youth, stopped over in his private car to see his old home.

Dr. Willus G. Dyer, one of the best-known surgeons in the country, called the town fool when a boy, dropped in and left enough money for a town library.

Miss Caroline Jensen Atwood, too stupid to learn in the old red school-house, now a popular authoress and playwright visited her relatives.

Charlie Duke, the spendthrift, shut up his Wall street office long enough to attend.

One of the most noticeable features of the whole celebration was the absence of the men and women who gave much promise of originality and worth during their youth.

Lack of memory in their old age accounts for the fact that not one of the old fogies present ever said anything but good of anybody, including the successful boys present.—Don Cameron Shaffer in Judge.

TOBACCO RULING CAUSES RIOTING

Workmen Clash With Followers of Voliva at Zion City.

TWO HUNDRED FANATICS HURT

Attempt of Religious Zealots to Prevent Use of Weed Results in Trouble—Faithful Ordered to be at Plant in Morning.

Chicago, April 29.—A week of trouble between the employees of the Cook Electric company who persist in smoking, and the followers of Wilbur Glenn Voliva in Zion City culminated late in the afternoon in a riot in which 200 religious zealots were wounded and many arrested. Fearing that Marshal John Hoover and his 70 deputies would be unable to prevent further rioting, Acting Mayor Miller appealed to Sheriff Elmer Green of Waukegan for assistance. Green, accompanied by deputies, took charge.

Meanwhile Voliva, successor to Alexander Dowle, ordered the large alarm bell rung for an hour and 1,000 of his followers gathered in the auditorium to discuss plans for ridding Zion forever of the "tobacco smoking curse." At a late hour they were still in session. The laborers paraded in gangs and Marshal Hoover sat in the police station oiling repeating rifles.

Fifty Women Trampled.
Scores of the religious zealots were rendered unconscious and one was injured so severely he may die. More than a third of the 150 women at the meeting were beaten, bruised or trampled.

The trouble started at 5 o'clock when the workmen, exasperated by the singing and praying of the Dowleites outside the plant, rushed out with their tools and charged the meeting across the street. The wires of the fence erected by Voliva were snapped and the platform on which the elders stood was overturned and wrecked. The zealots stood their ground and Marshal Hoover and his deputies ran into the crowd, clubbing right and left.

Jerked From Platform.

Elder F. M. Royal was just leading his followers in singing "Conquering Now and Still to Conquer." The workers charged the platform and struck him a blow over the head, rendering him unconscious. The women at the prayer meeting screamed and fought back. Elder Robinson was jerked from the platform and trampled under foot. John Bryson, 70 years old, a Colville, was knocked down and rendered insensible. Joseph Bishop, another zealot, suffered a fractured skull.

The "crusaders" retreated clutching their Bibles and uttering threats against the smokers.

Voliva, who succeeded Dowle, ordered the use of tobacco stopped in Zion last week. Voliva has issued an order to his followers to be at the Cook plant at 6 o'clock in the morning. Warrants were issued for 15 of Voliva's elders.

ASKS MISSOURI FLOOD SURVEY

Gov. Hadley Trying to Secure Action While Evidence is Still Visible.

Jefferson City, April 30.—Gov. Hadley sent a request to the members of the Missouri waterways commission asking that body to take immediate steps toward obtaining a correct survey of the overflowed territory along the Mississippi river in southeast Missouri, that it may be preserved for future use. The governor received a letter from A. J. Wheeler of Charleston, Mo., who is drainage engineer for Scott and a part of Mississippi counties, advising that the survey be made at once, while evidence of the extent of the flood is still visible. Mr. Wheeler says that the recent high water was the worst experienced in southeast Missouri since 1815 and 1844.

FUNERAL SHIP DID NOT ARRIVE

Vessel Carrying Titanic Victims Delayed by Bad Weather—Minia Found Only Thirteen.

Halifax, N. S., April 30.—The Mackay-Bennett, with the Titanic's victims on board, may not reach here until 9 o'clock in the morning. Captain Lardner sent a wireless message to the White Star agents here announcing that he was being delayed by bad weather. He fixed that hour as the earliest that he can expect to make this port.

Halifax, N. S., April 30.—From Captain DeCarteret of the cable ship Minia this message came:

"This far have secured only 13 bodies. All steamers passing say none seen. Will search south and east but can give no hope of finding more. Icebergs near the place."

Sound Over for Murder.

Nowata, Ok., April 30.—Weeping as though he were giving up the life of his best friend, Justice Frank L. Hill bound H. O. Jeffries over to the next term of the district court. Jeffries is accused of the murder of Mrs. Ida Goheen, a solicitor for his newspaper.

PROF. E. O. LOVETT.

Edgar Odell Lovett has been made president of the Rice Institute in Texas, for the foundation of which \$8,000,000 was given by William Marsh Rice, the aged southerner whom Albert T. Patrick was convicted of killing in New York.

ANARCHISTS TO BE DRIVEN OUT

ALL FRANCE STIRRED UP OVER PARIS OUTRAGES.

Police Amazed at Number in City—Sympathizers Also Arrested and all Must Leave Country.

Paris, April 29.—The last of the phantom bandits, Cornier, chief lieutenant of Bonnot, was arrested here late at night. He was surprised in his room and gave up without a fight.

Relentless war against the anarchists in France is to be one result of the operations of the Bonnot band of motor car brigands, two of whose leaders were killed at Choisy-le-Roi, near Paris, after a desperate fight with police and soldiers.

The police are amazed at the discovery of the large number of anarchists who have taken refuge in Paris from various European countries. They now will be arrested and driven from France as enemies of society.

The melodramatic end of Bonnot called forth admiration among certain parts of the revolutionary classes and many arrests have been made when that feeling has been expressed in public.

At the funeral of Superintendent Jouin of the Paris detective department, who was killed while trying to arrest Bonnot, Louis Lepine, prefect of police, delivered an appeal for the more severe punishment of criminals. He said there was a tendency to treat youthful wrongdoers leniently on the ground that they were not responsible for their acts and that tendency, he said, was creating a great menace to the security of the people.

TO END KANSAS BRIDGE TRUST

Governor Gathering Information to Break Up Combine and Get Better Prices.

Topeka, April 30.—Gov. Stubbs has started an investigation of the bridge trust and is gathering information as to the work of the combine in Kansas. The governor has sent to each county a request for the following information:

Name of bridge companies doing work in a county since October 1, 1908 and approximate amount of work done in each succeeding year and name of company.

That is a part of the information on which it is proposed to begin proceedings to break up the combination whereby it is charged Kansas has had poor work and has paid high prices.

ANTHRACITE MEN GET INCREASE

The Deadlock Between Miners and Operators Expected to End This Week.

Philadelphia, April 30.—The deadlock between the anthracite coal mine workers and the operators is expected to end with the close of the present week. The full committee of ten operators and ten miners will meet in New York Thursday to receive the report of the sub-committee which has reached an agreement on all grievances.

While the details have not been made public, it is known the men have been granted a 10 per cent increase in wages.

Kentucky Train Overturned.

Chittenden, Ky., April 30.—The entire train of the Carolina special on the Cincinnati, New Orleans & Texas Pacific railroad was overturned a half mile south of here while running at a high rate of speed. Two passengers were dangerously injured and four others received bruises. The accident was due to spreading rails.

Herrick Received at Paris.

Paris, April 30.—President Fallieres formally received Ambassador Herrick, the new representative of the United States to France. It was the first official function at which the new ambassador was present.

TITANIC INQUIRY NEARLY FINISHED

Crew of Sunken Ship Will Soon Return to England.

ISMAY TO BE CLOSELY QUIZZED

Committee Would Know His Ideas to Prevent Repetition of Disaster—Better Wireless Regulations.

Washington, April 30.—After a day of discussion intended to discover the needed reforms in the use of wireless telegraphy at sea, the senate committee investigating the Titanic disaster has entered on the final stage of its inquiry.

In another day the crew of the sunken ship will be free to return to their homes in England. At the same time J. Bruce Ismay, managing director of the International Mercantile Marine, will be quizzed searching as to his ideas of regulations to make a repetition of the disaster impossible.

Guglielmo Marconi, inventor of the wireless telegraph; F. M. Sammis, chief engineer of the American Marconi company; Wireless Operators Bride and Cottam, a passenger, Hugh Woolner of England, and Fourth Officer Boxhall of the Titanic were the days' witnesses. Virtually all agreed that better regulation of wireless communications at sea was essential.

No More Wireless Censorship.

It was made clear early in the hearing that the committee already had made up its mind to advocate legislation preventing wireless operators on shipboard from holding back details of disasters. Marconi and Sammis both acknowledged that a mistake had been made in sending messages to Bride and Cottam on board the Carpathia, not to give out anything until they had seen Marconi and Sammis ashore.

Senator Smith held out no promise as to when the officers of the White Star line would be released, but it was the general understanding that they would be freed as soon as Ismay is examined. This, it was expected, would not take long unless some additional facts brought to the surface made it necessary.

Rebukes English Criticism.

London, April 30.—Francis Dyke Acland, parliamentary under secretary of state for foreign affairs, on behalf of the British foreign office rebuked members of the house of commons who have been prone to accept as gospel the garbled form in which questions by Senator Smith during the senatorial inquiry into the Titanic disaster have been published here. Replying to questions regarding the Titanic, Acland said:

"The American committee has statutory powers to summon witnesses and no treaty or convention is required to give the United States jurisdiction over British subjects while they are on United States territory."

KINDERGARTEN TEACHERS MEET

Flock From all Parts of Country to Nineteenth Annual Session at Des Moines.

Des Moines, Ia., April 30.—Kindergarten teachers from all parts of the country have flocked to Des Moines for the nineteenth annual meeting of the International Kindergarten Union which began today and will last until Friday afternoon. Miss Mabel A. MacKinney of Brooklyn is president of the organization and is to conduct the general sessions of the meeting, the first of which will be held tonight. At that time Dr. M. V. O'Shea of Madison, Wis., will deliver an address.

This afternoon, there was a conference of training teachers and supervisors over which Miss Alice O'Grady presided, among the speakers being Miss Stella Wood, Minneapolis; Miss Elizabeth Harrison, Chicago; Miss Nina Vandewalker, Milwaukee; Mrs. Ada M. Hughes, Toronto; Mrs. Mary B. Page, Chicago; Miss Jeannette Ezekiel, Des Moines; Miss Olive Russell, Chicago; Miss Catherine R. Watkins, Washington; Miss Cora English, Kansas City; Miss Alice Parker, Pittsburg, and Miss Mary McCulloch, St. Louis.

Sold His Farm Too Cheap.

Wichita, Kan., April 30.—William Bendle, 35 years old, a farmer living seven miles northwest from Pratt, killed himself with a shotgun. He worried over the loss of \$1,000 in the sale of his farm recently. He had disposed of the farm for \$7,000 and a few days later was told that he could have sold it for \$8,000. He left a widow and a child.

Eight Killed in Mine.

Birmingham, Ala., April 30.—Eight miners were fatally burned and four others missing, are believed to have been killed at Marvel in an explosion in the Roden Coal company's mine. There was a full complement of men in the mine at the time of the explosion, but most of them escaped at the first alarm.

Begged for Death Sentence.

Milwaukee, April 30.—With his head swathed in bandages from an attempt to kill himself against a stone wall, Jacob Krejlik, a tailor 30 years old, begged Judge Backus to sentence him to death for killing his sweetheart.

INDIGESTION

Causes Dizziness, Nervousness, Biliousness, Sick Headache and Sleeplessness.

You know that most of the ailments named above come from an out of order stomach.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

If it doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great pneumogastric nerve that leads directly from the brain to the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness, and other ailments.

Ml-o-na is guaranteed to end all stomach misery or money back. Fifty cents at the Oscar-Henry Drug Co. and druggists everywhere.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop It in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

OKLAHOMA AND KANSAS FLOODED

High Water Causes Heavy Damage in Two States.

TRAIN SERVICE DEMORALIZED

Heavy Rains of Past Three Days Put Streams Out of Banks—Rivers Cut New Channels.

Oklahoma City, Ok., April 30.—The Arkansas and Grand rivers are out of their banks and overflowing the fertile farms in the bottom lands. The Arkansas rose seven feet in 12 hours and is within one foot of its high water record. The Muskogee power plant at Hyde Park is threatened and traffic has been suspended on the interurban between Muskogee and Fort Gibson. Part of the track is expected to go out during the night.

Thousands of acres of land are inundated and it is feared the early potato crop is ruined. The Grand river has cut a new channel near Fort Gibson and is flooding into Ross lake, near Keota. The Arkansas has cut across the bottoms towards San Bois creek.

Additional heavy rains in northern Oklahoma and southern Kansas, which are reported to have been of the proportions of cloudbursts, increased the flood waters in the minor streams, and caused numerous railroad washouts.

The Katy suffered particularly on its Oklahoma division. In 23 places between Hominy and Nelagony, the track is out and water is over the roadbed.

Galena District Flooded.

Galena, Kan., April 30.—Zinc and lead mining, railroad and farming interests in the southeast corner of Kansas suffered heavy damages from flood waters in Spring river from the unprecedented heavy rains of the past three days. The flooding of the city waterworks pump station has left Galena without water for domestic use or fire protection. No relief is in sight within 24 hours at the earliest. The flood in Spring river is the highest in 17 years and at Badger, a little mining camp north of here, much damage was caused to mine owners and farmers when the water poured over the dike at a depth of two feet.

High Water Record Broken.

The crest of the flood at the Empire District Electric company's power dam at Lowell, southwest of Galena, was reached during the afternoon when the water poured over the dam five inches deep. The reading then was 29 feet 5 inches, or 13 inches higher than the record flood since the erection of the dam.

The county bridge below the dam is endangered. The company was compelled to resort to the use of dynamite in breaking up the driftwood jam at the flood gates of the Bypass bridge about a half mile above the dam. Train service on all roads to Galena has been crippled, but the M. K. & T. is most seriously affected. Eight hundred feet of track east of the company's Spring river bridge is so badly underwashed that train service may not be restored for two days. The bridge has been held in place by cars loaded with rock. Many mines are under water and the damage to the industry will approximate \$50,000.

SPANISH WARSHIP TO ST. LOUIS

Naval Reserves to Get Isla De Luzon Instead of Monitor Amphitrite.

St. Louis, April 30.—The protected cruiser Isla De Luzon, which will be stationed at St. Louis for the use of the Missouri naval reserves, instead of the monitor Amphitrite, has left New Orleans. Thirty-nine members of the reserves and six officers now are at Memphis, and Lieut. Schwartz will take about 30 more to man the warship.

The vessel was one of the ships of the Spanish fleet sunk by Admiral Dewey at Manila and later was raised and repaired. It is 192 feet long and carries a main battery of four-inch rifles and a secondary battery of rapid fire guns.

Kansas Woman Took Acid.

Peabody, Kan., April 30.—The body of Mrs. G. W. Camp, reclining on the floor of her home here, was found by I. A. Shriver, a neighbor. She left a note stating she feared loss of mind from worry over the loss of her husband, Judge Camp, who died in January.

Oklahoma Gale Loss Grows. Oklahoma City, Ok., April 30.—While there have been no additions to the list of 54 killed in storms which swept through sections of Oklahoma the number of injured is much larger than at first reported. The property loss is greater than indicated in early reports.

Train Wrecked a Motor.

Chicago, April 30.—Three persons were killed and two more were severely injured on the Illinois Central railroad track at North Riverside, a suburb, when a motor car was struck by a passenger train.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

Wabash Invests Two Million Dollars in New Steel Rails.

The Wabash railroad has purchased for its new second track construction and for renewal of existing tracks 36,000 tons, approximately 1,000 car loads, of rail, which, with the frogs, switches, joints, spikes, bolts, tie plates and other fixtures, makes the largest order for steel products placed this year. This order calls for an expenditure of more than \$2,000,000.00.

When railroad construction was in its infancy and metal came into use for railroad track, a flat iron rail about 2 1/2 x 5 inches in size, weighing thirteen pounds to the yard, was spiked to longitudinal stringers; now the rail is a heavy steel girder six inches high, weighing 90 and 100 pounds per yard, 33 feet long and capable of carrying tremendous wheel loads.

A number of roads are now fastening rail to the ties with a screw spike, which is used largely in France for that purpose instead of the ordinary spike which is driven like a nail.

In England the rail is an oblong shape held in a chair with a wedge and differs from the girder rail so generally used in America, in that it is of a much lighter section; and this is true of the rail in foreign countries generally, where the equipment is not so heavy; therefore, the heavier rail is not so essential as in this country.

APPRECIATES HELP

DR. TAYLOR PRAISES LOYALTY OF MARYVILLE TO THE NORMAL.

WILL BUILD UP SCHOOL

Spirit of Community a Large Factor in Growth of Normal—Appreciation of Those Who Helped.

Dr. K. K. Taylor, president of the Normal school, issued a statement Tuesday expressing the appreciation of the school and himself for the services given by Maryville during the track meet, which proved to be one of the big events of the city. The statement is as follows:

"I desire to express my appreciation of the services rendered by the following in carrying out the track meet and contest, the short course in home making and the Teachers' association.

"The Commercial club and business men for valuable assistance in decorating the town and thereby adding so much to the spirit of the occasion; to the people in general who co-operated readily and cheerfully in the entertainment of the guests and patronized the events so liberally; to the Democrat-Forum and Tribune, that gave their space so generously to advertising the event; to the News-Press for special reports; to the Alderman Dry Goods company; to the Free Light Acetylene Co.; to the Maryville Furniture Co.; to the Barber Hardware Co.; to the Field-Lippman Music Co.; to Grundy & Co.; to Mr. Fred Bellows, representing vacuum cleaners; and last but not least to our faithful faculty and student body that, without exception, threw themselves into the work, and whether on the program or on a committee, gave unremitting attention and fidelity to their duties.

"It is a great source of satisfaction as well as of great value to the school to have a community show its loyalty to the school as Maryville is doing. It means that this, together with other influences, is going to secure to our summer term an increase in the patronage of the school unparalleled in its history."

BALL GAME WEDNESDAY.

Business College and Normal Teams to Play at Normal Park.

The Maryville Business college base ball club will open its schedule when they will play the fast Normal base ball club at the Normal park, Wednesday evening at 4:15.

The Business college will line up as follows:

Clark, catcher; Hopper, pitcher; Fisher, short stop; Basford (captain), first base; Miller, second base; Blatter, third base; Schoonover, left field; Yeaman, center field; Johnson, right field; Fraser, utility.

On account of the injury of Fred Vandersloot, the Normal short stop, Coach Moore will have to shift his line-up. He hasn't decided upon his line-up for Wednesday's game as yet. It is likely, however, that Taylor will fill the vacancy at short.

TO HAVE FINE GARAGE.

Mason & Wilderman's New Place Will Be Ready for Occupancy Next Week.

Mason & Wilderman's garage will be ready for occupancy next week. FOUR WERE FINED

By Mayor Robey Monday on a Charge of Drunkenness—Three Working on City Rock Pile.

Monday was a somewhat busy day in Mayor Robey's police court, as four cases were up before his honor. John Hays, for drunkenness, was fined \$5 and costs; Rufus Palmer and Chester Williams, both colored, were fined \$2 and costs, the fines being paid, and Charles Hostetter, an old offender, was fined \$20 and costs, amounting to \$24.50, for being drunk. Hays and Hostetter, being unable to pay their fine, were put to work for the city on the rock pile back of the city hall.

Another city prisoner working on the rock pile is Morford, who was fined last week.

The city secured the rock pile from J. H. Gray at the postoffice site, being the concrete foundation wall that was in the ground, having been put in there a number of years ago. The city will use the small pieces of stone to fill up places under the paving and for other city work.

WINS CASE AGAINST A BANK.

A Stockholder Prevents Officials From Canceling His Stock.

The Kansas City Times of Tuesday had the following:

Francis Lyons, 29 years old, owned three shares of stock in the Bank of Conception, Clyde, Mo., when it failed a year ago. A majority of the stockholders agreed on a plan for reopening the bank, by an agreement to pay \$200 each on each \$100 of stock they owned. Lyons wouldn't pay, so his name was stricken from the list of stockholders.

He brought suit to compel the bank to recognize him as a stockholder. The circuit court in that county upheld the bank officials. The Kansas City court of appeals, however, reversed the case yesterday and directed an order restoring Lyons' name on the books as one of the stockholders. It was a voluntary act on the part of the stockholders who did pay, the court held, and the majority had no right to cancel the stock of those who did not pay.

NEW BOOKS FOR LIBRARY.

Were Received This Week and Are Now on the Shelves—Are Mainly Fiction Books.

Librarian Grace M. Langan received this week a number of new books which are now on the shelves in the public library. The following is a list of them: The Band Box, by L. J. Vance; The Butterfly House, by M. W. Freeman; A Chain of Evidence, by Carolyn Wells; Hidden House, by Amelia Rives; A Hoosier Chronicle, by Meredith Nicholson; Man in Lonely Land, by K. L. Boshier; My Lady Caprice, by Jeffery Farnol; Sally Salt by Mrs. Wilson Woodrow; Touchstone of Fortune, by Charles Major; Vane of the Timberlands, by Harold Bindloss; The Harvester, by Gene Stratton Porter, and Danny's Own Story, by Don Marquis.

Found His Money.

Eugene Cummins, a son of Dr. and Mrs. K. C. Cummins of this city, lost a five-dollar bill and a two-dollar bill rolled together, the day before the track meet. He advertised his loss in The Democrat-Forum, and on Tuesday the money was brought to this office for him. The money was found by Miss Florence Lawson of near Wilcox, just as she stepped from the train at the Wabash depot. She did not think to look in the paper until Monday, when she saw the advertisement. Eugene Cummins thinks it pays to advertise in The Daily Democrat-Forum. And so does everyone else who has tried its value.

Will Leave for California.

Mrs. Joseph Everhart and daughter, Miss Minnie Everhart of Pickering will leave Wednesday noon for San Francisco, Cal., on a visit to friends there. They will spend two months at various places on the coast, but will spend a greater part of the time with their daughter and sister, Miss Ola Everhart, at Santa Rosa, Cal. Miss Everhart has been at Santa Rosa for the past three years, where she is conducting a music studio with splendid success. She is a graduate of the Maryville Conservatory.

Praises the Track Meet.

Monday's issue of the Chillicothe Constitution, the paper that had a representative at the track meet Saturday, is loud in the praise of the excellent manner in which the meet was managed. "At no time in the course of the events," says the down-state paper, "was there occasion to dispute the manner in which the meet was governed."

RASCO MONEY HERE

EXPENSES OF TRIAL PAID BY STATE AGGREGATE NEARLY \$3,000.

READY TO DISTRIBUTE IT

County Treasurer is Anxious to Pay Off Witnesses and Jurors in the Famous Trial.

County Treasurer S. H. Williams received Monday a check for \$2,866 from State Auditor Gordon to pay the expenses of the Rasco case. The money will be paid out now at any time, and as a large number of witnesses and jurors have money coming to them, they are requested to call at the county treasurer's office and receive the same.

The expenses of the Rasco case are paid by the state.

Among some items of expense in the case were the fees of Circuit Clerk Rathbun, amounting to \$497.33; the fees of Sheriff Tilson, amounting to \$339.25; boarding the prisoner, \$245; Justice of the Peace Johnson, who arraigned him, \$2; Court Stenographer Harry M. Irwin, transcript of evidence, 700,000 words at 10 cents per 100 words, \$700; Prosecuting Attorney George Pat Wright, fee for securing conviction, \$25; fees of witnesses, \$628.20; fees of jurors, \$491.45; witnesses fees for change of venue, \$27.80.

MRS. H. E. ROBINSON VERY ILL.

Serious Illness From Pneumonia and is in Hospital at Clinton, Ia.

Mrs. Eunice Graves of this city received a special delivery letter Monday telling of the serious illness from pneumonia of her sister, Mrs. H. E. Robinson, formerly of Maryville, in a hospital at Clinton, Ia., where she moved last Thursday with the family of her son-in-law, Frank Terhune. Mrs. Graves is waiting further word before going to Clinton. Mrs. Robinson has been making her home with her daughter, Mrs. Terhune, since about a year following the death of her late husband, Dr. H. E. Robinson, founder and for many years editor of the old Maryville Republican. Mr. Terhune and his family moved to Clinton from South Bend, Ind., where Mr. Terhune was secretary of the Commercial club. He has become a signal success in that line of work and has received flattering offers from many towns and cities for his services. He went to Clinton to engage in work with the Commercial club of that place.

AN UNUSUAL DIPLOMA.

A Boy at Guilford Honored by School Board of That Town—Was Never Absent Nor Tardy.

At the close of the commencement exercises of the Guilford schools and of the rural schools of Washington township Monday night, when the diplomas were presented to the graduates, President Carl Wray of the school board presented another diploma to an 11-year-old boy, Harold Davis, as a mark of distinction. Harold has never been absent nor tardy at school since he started, and the school board decided that it was their place to show some appreciation of a student who was so prompt. The diploma was presented before one of the largest audiences that has ever assembled in Guilford. He is a son of Mr. and Mrs. A. L. Davis of Guilford. County Superintendent Oakerson delivered the commencement address to the graduates. The exercises were held in the M. E. church, South, of Guilford.

Miss Hope's Guest.

Miss Ruth Hine returned to her home in Savannah Monday evening. Miss Hine came to Maryville Friday and was the guest of Miss Fannie Hope for the oratorical contest and track meet. Mrs. Hine was also here until Saturday evening as Miss Hope's guest, and accompanied Mr. Hine home in his car. Mr. Hine is a member of the board of regents of the Normal, and was here Saturday afternoon for the track meet.

Visiting at Colbert's.

Mrs. Dr. Graham and three children of Des Moines are visiting at the home as Dean and Mrs. George H. Colbert. Mrs. Graham is Mr. Colbert's sister.

A marriage license was issued Monday in St. Joseph to Chance E. Litter and Anna L. Weddle of Skidmore.

Mrs. W. F. Moyer went to Barnard Friday evening to visit her sister, Mrs. Chris Buttman.

LOW INTEREST RATE

BONDS CAN BE SOLD TO GOOD ADVANTAGE BY THE CITY.

REFUSE TO COMPROMISE

Board Still Thinks \$39,000 Fair Price for Water Works—Ask Representatives to Come Here.

The board of public works, at a meeting held Monday afternoon, took up Mr. Street's last letter to the board, in which he offers the water plant for \$54,000. The board still holds to their price of \$39,000 as a fair value.

The board also decided that it was necessary to have a bond attorney, one whose opinion will be taken by the bond buyers, and decided to ask the city council to be authorized to hire one.

So an adjourned meeting of the council was held Monday night, and Messrs. R. L. McDougal and S. G. Gilman appeared before the council. They made a report of their trip to St. Louis and Chicago and found that the bond issue will be saleable at 4½ per cent interest, but learned that the best way to succeed was to hire a bond attorney, one whose opinion was accepted, and have him go over the proceedings of the city from the time the election call on the bond issue was made up to the present time, taking only the proceedings appertaining to the bond issue, to see that the proceedings are legal and regular, and to have him also make out the form of the bond, when the board of public works has fully determined on whether to have a serial or an optional bond. Then as soon as this is done, the bonds can be printed, signed up and registered, and then calls for unconditional bids can be made; or, in other words, it will not be necessary for the bond buyers to hire an attorney to look into these matters, taking a long time to see that everything is regular and legal, as the opinion of the bond attorney will be readily accepted.

Another reason why the bond attorney should be hired is that it will save considerable time, and that when the board gets ready to do business they will be in position to do so and will not be delayed by having the bond buyers making an investigation of the proceedings of the council and other matters.

The council authorized the board to hire an attorney, whose fees will be \$125. The council and board feel that the compensation is very reasonable, taking into consideration what the bond attorney will accomplish, and that the bond issue is for \$100,000.

The following is the letter that was sent by the board of public works Monday to C. F. Street, president of the water company:

"We have your letter of the 22nd. Having in mind that our negotiations with you must soon terminate, we have been giving most careful consideration, during your absence in London, to every feature of the plant and we still feel that our estimate of \$39,000 is the fair value thereof to us and we do not feel that through a process of splitting differences or arbitration we should allow ourselves to pay more than the plant is worth. If we pay above the \$39,000 it will be through being convinced that we are justified on a 'value received' basis in doing so.

"We suggest that you come here in person, or send someone authorized to come to an agreement with us, and we will then be pleased to go over the figures, item by item, and if we have failed to give full fair value we will most gladly change our figures to cover the same. It seems to us that through this course we should be able to arrive at an agreement, or if not that, to know that further negotiations are useless.

"We are very anxious to begin the work of improving your plant, if we buy it, or the building of a new one, and shall hope you will act promptly on our suggestion to come here prepared to close an agreement with us and we will make a final effort to get together."

Announce Birth of a Daughter.

Mr. and Mrs. Charles Needham of Narrows, Ore., announce the birth of a daughter, born to them on April 14. Mrs. Needham is the daughter of Judge and Mrs. H. H. McClurg of Pickering, Mo. The baby has been named Opal Ellen, in honor of its grandmother, Mrs. McClurg.

Mrs. J. W. Lattin of Clyde was a city visitor Monday.

TO PRESENT BOND PETITION.

There Are a Number of Signers to the Union Township Petition for \$15,000 Road Bond Issue.

The township board of Union township will present to the county court which will meet next Monday the petition requesting the court to set aside an election day in that township to vote on the \$15,000 bond issue for the purpose of permanent road improvements. Only twenty signers are necessary for the petition to the county court, but on Monday there were over sixty signers. There seems to be quite a sentiment in that township for the bond issue, and it looks as if the proposition will carry.

IS A GOOD SPEAKER.

Rev. M. F. Crowe Arrived Monday and is Conducting Meetings at M. E. Church, South.

Rev. M. F. Crowe, pastor of the M. E. church, South, of Salisbury, Mo., arrived in Maryville Monday night and made a short talk at the revival services that have been commenced at that church, under the supervision of the pastor, Rev. W. J. Parvin. Rev. Crowe impressed everyone very favorably. He is a fine speaker and has met with success as an evangelist. He will preach each night this week, beginning at 8:15 o'clock. His subjects will be announced each day after Tuesday. The song service led by Mr. Leewellyn will begin promptly at 7:45. Miss Myrtle Sheldon will assist in the singing. The public is cordially invited.

Superintendent of Rock Port Schools.

A report has reached Maryville that Rev. R. J. Spickerman, pastor of the Baptist church at that place, has been elected superintendent of the schools of Rock Port. Rev. Spickerman's relatives here have not heard from him in regard to it, but it was known that he had the matter under advisement, with the privilege, in case of his election, of also holding his pastorate there. Rev. Spickerman has been teacher of history in the high school there for several years. He is a close student, a preacher of acknowledged ability, and he possesses the qualifications of an educator in a large degree.

Miss Bertha Snapp returned to her employment in Kansas City Monday morning. Miss Snapp has been with her parents, Mr. and Mrs. John Snapp, the past month, recovering from an attack of appendicitis.

Mrs. S. Dillon returned to her home in St. Joseph Monday evening from a visit in Maryville with her son, S. A. Pickett of East Seventh street, and her sister, Mrs. Alfred Green of East Jenkins street.

ELEVATOR ORDERED

CONTRACT LET FOR NEEDED IMPROVEMENT AT THE HOSPITAL.

STILL LACK ABOUT \$600

More Money Needed to Complete Same Required, But Committee is sanguine of Raising It.

G. S. Montgomery, representing the Kimball Elevator company of Kansas City, was in Maryville Monday and was given an order by Rev. Mother Augustine of St. Francis hospital for a new electric elevator for the hospital, the money for which has been secured by subscriptions through the newspapers of our city and through the work of Nic Sturm and C. J. Alderman. Mr. Montgomery agreed to have the new elevator in place by June 15.

It is the expectation of Messrs. Sturm and Alderman that the money yet needed, about \$600, will be easily raised by that time, as people are responding cheerfully and gladly to their soliciting.

The old elevator shaft will be the shaft for the new elevator, as it will be impossible to change its location. The shaft is on the north side of the building, at the east of the entrance. A surface door will be placed so that the ambulance may be driven up to the door and the sick persons taken right into the elevator from the ambulance and conveyed to the floor they will occupy. The elevator is guaranteed to carry 2,000 pounds and do its work perfectly for one year. There will be double iron automatic doors and everything about the elevator is of the latest improvements. The cost of the elevator and all work attending its installation will be \$2,500.

The elevator has been very much needed by the hospital for a long time.

ARE DRAGGING ROADS.

A. O. Mason to Drag Road East of the City—Many Farmers Are Dragging on Saints' Highway.

A. O. Mason has been employed by the Commercial club to drag the Saints' Highway, east of Maryville for five miles, and to continue the work at stated intervals. Many of the farmers on the Ridge road, a part of the Saints' Highway, have been dragging the road, and those that have been over it say it is in fine condition.

The farmers should take more interest in dragging roads, as it means a great deal to them and the users of the road.

Pierce Fleming to Hospital.

Pierce Fleming of Graham, who was so nearly fatally burned in the fire that burned the palatial residence of his father, T. E. Fleming, went to St. Joseph hospital Tuesday morning to consult physicians in regard to what may be done to prevent any further disfigurement to his face and head. He was accompanied by Dr. Morgan of Graham. Mr. Fleming is recovering nicely, but there is fear that his face will become more drawn as the healing progresses.

Returned to St. Joseph.

Miss Pauline Martin and her brother, Marion Martin, returned to their home in St. Joseph Monday evening. They came to Maryville Friday night to attend the oratorical contest and track meet and were guests of their grandparents, Dr. and Mrs. F. M. Martin. Miss Pauline will graduate from Central high school of St. Joseph in June.

St. Louis Live Stock Market.

National Stock Yards, Ill., April 29.—Cattle receipts, 2,500. A weak, lower trade at Chicago as a starter this week had no effect on the local cattle market today. Trade at St. Louis was active; steers selling steady, with butcher cattle steady to strong. A top for steers was hung up at \$8.75. Two loads of heifers brought \$8.60. This is a record never before established at this point.

Hog receipts, 10,500. Weakness dominated the trade throughout today. Values were 5 to 10c under Saturday. Top was \$8.10, with bulk of the good hogs at \$7.60 to \$8.00.

Sheep receipts, 2,600. Market advanced 25c today, but common to half-fat grades are not sharing the advance. Top clipped lambs at \$8.40 today, but choice will bring \$8.75 to \$9.00. We quote good to choice clipped at \$8.40 today, but choice will bring \$8.75 to \$9.00. We quote good to choice clipped as follows: Wethers, \$6.60 to \$6.90; ewes, \$6.25 to \$6.65; bucks \$5.00 to \$5.50. Spring lambs commanding \$7.50 to \$11.00.

"YOU GOTTA QUIT—"

Of Course That Isn't Their Motto, But You Think of It.

The senior class of the Maryville high school has conceived the cutest class pennant you can think about.

A healthy looking black bull dog, rimmed around with green adorns the pennant magnificently. He was drawn by Harry Alderman, and is the exact counterpart of Harry's high bred pup. The letters M. H. S. finish out this striking pennant.

We don't know what the class motto is, but since nearly all of the class members are Champ Clarkites one can't help but think its:

"You Gotta Quit—" O land, no! We mean it is:

"We've got a good grip and can't let go."

Left for Canton.

Mr. and Mrs. Wellington Dusenberry left Monday for their new home at Canton, Mo., where Mr. Dusenberry will oversee the work of the electric light plant of that city. Mr. Dusenberry was in the employ of this company before coming to Maryville, and Manager Millsbaugh of Canton has been coveting him ever since he returned to Maryville, and has at last succeeded in making him an offer sufficient to win him to Canton. Mrs. Dusenberry, who was Miss Morna Lamar, will be missed from Maryville social circles, where she has been a favorite for some time as hostess and guest. The best wishes of many friends follow them.

Court Stenographer Here.

Mr. and Mrs. Arthur A. Brewer of St. Joseph arrived in Maryville Tuesday and will make this city their home. Mr. Brewer has been appointed court stenographer by Judge W. C. Ellison. Mrs. Brewer was formerly Miss Vera Chittenden of St. Joseph, who attended the State Normal here a few years ago.

Schools Employed Teachers.

Miss Golda Roach has been employed by the Bell Grove school, south of the city, as teacher for the next year at a salary of \$60 per month. Miss Ruby Ruddle has been employed by the Elm Grove school, north of the city, as teacher for the next year.

Returned From Jefferson City.

Attorney George Robb Ellison returned from Jefferson City Tuesday morning, where he had been before the supreme court, arguing the case of the water company of St. Joseph vs. the board of managers of state hospital No. 2 in that city.

Was Placed Under Arrest.

Sheriff Tilson went to Bolckow Tuesday and placed under arrest Thomas Cuniff of near town, who is charged with being drunk on a train.

Guests at Cummins Home.

Mrs. J. B. O'Malley and two little daughters of King City are guests of Mr. and Mrs. T. A. Cummins for a few days.

Walton Frank of King City returned home Monday night from a visit since Friday with his uncle, W. C. Frank, and his cousin, Arch Frank, and families.

Mrs. Mary O'Malley and daughter, Miss Ruth, of Albany spent Monday in Maryville, the guest of Mr. and Mrs. R. G. Sanders.

Mrs. Frank Compton of Burlington Junction came to Maryville Tuesday to visit her sister, Mrs. Ada Jones.

WHEN THEY WENT BACK HOME

Humorist Records Some Surprises That Attended the Occasion of Popular Celebration.

During a recent Old Home Week in an up-state village the following "never-will-amount-to-anythings" were in attendance:

John Wilson Clarke, who was always too lazy to do the chores, came up from New York in his big seven-passenger car. On account of pressing work he could stay but a few hours.

Ex-Gov. Silby Kirkwood, who was naturally thick-headed and half-baked in his youth, stopped over in his private car to see his old home.

Dr. Willus G. Dyer, one of the best-known surgeons in the country, called the town fool when a boy, dropped in and left enough money for a town library.

Miss Caroline Jensen Atwood, too stupid to learn in the old red school-house, now a popular authoress and playwright visited her relatives.

Charlie Drake, the spendthrift, shut up his Wall street office long enough to attend.

One of the most noticeable features of the whole celebration was the absence of the men and women who gave much promise of originality and worth during their youth.

Lack of memory in their old age accounts for the fact that not one of the old fogies present ever said anything but good of anybody, including the successful boys present.—Don Cameron Shafer in Judge.

TOBACCO RULING CAUSES RIOTING

Workmen Clash With Followers of Voliva at Zion City.

TWO HUNDRED FANATICS HURT

Attempt of Religious Zealots to Prevent Use of Weed Results in Trouble—Faithful Ordered to Be at Plant in Morning.

Chicago, April 29.—A week of trouble between the employees of the Cook Electric company who persist in smoking, and the followers of Wilbur Glenn Voliva in Zion City culminated late in the afternoon in a riot in which 200 religious zealots were wounded and many arrested. Fearing that Marshal John Hoover and his 70 deputies would be unable to prevent further rioting, Acting Mayor Miller appealed to Sheriff Elmer Green of Waukegan for assistance. Green, accompanied by deputies, took charge.

Meanwhile Voliva, successor to Alexander Dowie, ordered the large alarm bell rung for an hour and 1,000 of his followers gathered in the auditorium to discuss plans for ridding Zion forever of the "tobacco smoking curs." At a late hour they were still in session. The laborers paraded in gangs and Marshal Hoover sat in the police station oiling repeating rifles.

Fifty Women Trampled.
Scores of the religious zealots were rendered unconscious and one was injured so severely he may die. More than a third of the 150 women at the meeting were beaten, bruised or trampled.

The trouble started at 5 o'clock when the workmen, exasperated by the singing and praying of the Dowies outside the plant, rushed out with their tools and charged the meeting across the street. The wires of the fence erected by Voliva were snapped and the platform on which the elders stood was overturned and wrecked. The zealots stood their ground and Marshal Hoover and his deputies ran into the crowd, clubbing right and left.

Jerked From Platform.
Elmer F. M. Royal was just leading his followers in singing "Conquering Now and Still to Conquer." The workers charged the platform and struck him a blow over the head, rendering him unconscious. The women at the prayer meeting screamed and fought back. Elder Robinson was jerked from the platform and trampled under foot. John Bryson, 70 years old, a Collyville, was knocked down and rendered insensible. Joseph Bishop, another zealot, suffered a fractured skull.

The "crusaders" retreated clutching their Bibles and uttering threats against the smokers.

Voliva, who succeeded Dowie, ordered the use of tobacco stopped in Zion last week. Voliva has issued an order to his followers to be at the Cook plant at 6 o'clock in the morning. Warrants were issued for 15 of Voliva's elders.

ASKS MISSOURI FLOOD SURVEY

Gov. Hadley Trying to Secure Action While Evidence is Still Visible.

Jefferson City, April 29.—Gov. Hadley sent a request to the members of the Missouri waterways commission asking that body to take immediate steps toward obtaining a correct survey of the overflowed territory along the Mississippi river in southeast Missouri, that it may be preserved for future use. The governor received a letter from A. J. Wheeler of Charleston, Mo., who is drainage engineer for Scott and a part of Mississippi counties, advising that the survey be made at once, while evidence of the extent of the flood is still visible. Mr. Wheeler says that the recent high water was the worst experienced in southeast Missouri since 1815 and 1844.

FUNERAL SHIP DID NOT ARRIVE

Vessel Carrying Titanic Victims Delayed by Bad Weather—Minia Found Only Thirteen.

Halifax, N. S., April 30.—The Mackay-Bennett, with the Titanic's victims on board, may not reach here until 9 o'clock in the morning. Captain Lardner sent a wireless message to the White Star agents here announcing that he was being delayed by bad weather. He fixed that hour as the earliest that he can expect to make this port.

Halifax, N. S., April 30.—From Captain DeCarteret of the cable ship Minia this message came:

"Thus far have secured only 13 bodies. All steamers passing say none seen. Will search south and east but can give no hope of finding more. Icebergs near the place."

Sound Over for Murder.

Nowata, Ok., April 30.—Weeping as though he were giving up the life of his best friend, Justice Frank L. Hill bound H. O. Jeffries over to the next term of the district court. Jeffries is accused of the murder of Mrs. Ida Goheen, a solicitor for his newspaper.

PROF. E. O. LOVETT.

Edgar Odell Lovett has been made president of the Rice Institute in Texas, for the foundation of which \$8,000,000 was given by William Marsh Rice, the aged southerner whom Albert T. Patrick was convicted of killing in New York.

ANARCHISTS TO BE DRIVEN OUT

ALL FRANCE STIRRED UP OVER PARIS OUTRAGES.

Police Amazed at Number in City—Sympathizers Also Arrested and All Must Leave Country.

Paris, April 30.—The last of the phantom bandits, Garnier, chief lieutenant of Bonnot, was arrested here late at night. He was surprised in his room and gave up without a fight. Relentless war against the anarchists in France is to be one result of the operations of the Bonnot band of motor car brigands, two of whose leaders were killed at Choisy-le-Roi, near Paris, after a desperate fight with police and soldiers.

The police are amazed at the discovery of the large number of anarchists who have taken refuge in Paris from various European countries. They now will be arrested and driven from France as enemies of society.

The melodramatic end of Bonnot called forth admiration among certain parts of the revolutionary classes and many arrests have been made when that feeling has been expressed in public.

At the funeral of Superintendent Jouin of the Paris detective department, who was killed while trying to arrest Bonnot, Louis Lepine, prefect of police, delivered an appeal for the more severe punishment of criminals. He said there was a tendency to treat youthful wrongdoers leniently on the ground that they were not responsible for their acts and that tendency, he said, was creating a great menace to the security of the people.

TO END KANSAS BRIDGE TRUST

Governor Gathering Information to Break Up Combine and Get Better Prices.

Topeka, April 30.—Gov. Stubbs has started an investigation of the bridge trust and is gathering information as to the work of the combine in Kansas. The governor has sent to each county a request for the following information:

Name of bridge companies doing work in a county since October 1, 1908 and approximate amount of work done in each succeeding year and name of company.

That is a part of the information on which it is proposed to begin proceedings to break up the combination whereby it is charged Kansas has had poor work and has paid high prices.

ANTHRACITE MEN GET INCREASE

The Deadlock Between Miners and Operators Expected to End This Week.

Philadelphia, April 30.—The deadlock between the anthracite coal mine workers and the operators is expected to end with the close of the present week. The full committee of ten operators and ten miners will meet in New York Thursday to receive the report of the sub-committee which has reached an agreement on all grievances.

While the details have not been made public, it is known the men have been granted a 10 per cent increase in wages.

Kentucky Train Overturned.

Chittenden, Ky., April 30.—The entire train of the Carolina special on the Cincinnati, New Orleans & Texas Pacific railroad was overturned a half mile south of here while running at a high rate of speed. Two passengers were dangerously injured and four others received bruises. The accident was due to spreading rails.

Herrick Received at Paris.

Paris, April 30.—President Fallieres formally received Ambassador Herrick, the new representative of the United States to France. It was the first official function at which the new ambassador was present.

TITANIC INQUIRY NEARLY FINISHED

Crew of Sunken Ship Will Soon Return to England.

ISMAY TO BE CLOSELY QUIZZED

Committee Would Know His Ideas to Prevent Repetition of Disaster—Better Wireless Regulations.

Washington, April 30.—After a day of discussion intended to discover the needed reforms in the use of wireless telegraphy at sea, the senate committee investigating the Titanic disaster has entered on the final stage of its inquiry.

In another day the crew of the sunken ship will be free to return to their homes in England. At the same time J. Bruce Ismay, managing director of the International Mercantile Marine, will be quizzed searchingly as to his ideas of regulations to make a repetition of the disaster impossible.

Guglielmo Marconi, inventor of the wireless telegraph; F. M. Sammis, chief engineer of the American Marconi company; Wireless Operators Bride and Cottam, a passenger, Hugh Woolner of England, and Fourth Officer Boxhall of the Titanic were the day's witnesses. Virtually all agreed that better regulation of wireless communications at sea was essential.

No More Wireless Censorship.

It was made clear early in the hearing that the committee already had made up its mind to advocate legislation preventing wireless operators on shipboard from holding back details of disasters. Marconi and Sammis both acknowledged that a mistake had been made in sending messages to Bride and Cottam on board the Carpathia, not to give out anything until they had seen Marconi and Sammis ashore.

Senator Smith held out no promise as to when the officers of the White Star line would be released, but it was the general understanding that they would be freed as soon as Ismay is examined. This, it was expected, would not take long unless some additional facts brought to the surface made it necessary.

Rebukes English Criticism.

London, April 30.—Francis Dyke Acland, parliamentary under secretary of state for foreign affairs, on behalf of the British foreign office rebuked members of the house of commons who have been prone to accept as gospel the garbled form in which questions by Senator Smith during the senatorial inquiry into the Titanic disaster have been published here. Replying to questions regarding the Titanic, Acland said:

"The American committee has statutory powers to summon witnesses and no treaty or convention is required to give the United States jurisdiction over British subjects while they are on United States territory."

Flock From all Parts of Country to Nineteenth Annual Session at Des Moines.

Des Moines, Ia., April 30.—Kindergarten teachers from all parts of the country have flocked to Des Moines for the nineteenth annual meeting of the International Kindergarten Union which began today and will last until Friday afternoon. Miss Mabel A. MacKinney of Brooklyn is president of the organization and is to conduct the general sessions of the meeting, the first of which will be held tonight. At that time Dr. M. V. O'Shea of Madison, Wis., will deliver an address.

This afternoon, there was a conference of training teachers and supervisors over which Miss Alice O'Grady presided, among the speakers being Miss Stella Wood, Minneapolis; Miss Elizabeth Harrison, Chicago; Miss Nina Vandewalker, Milwaukee; Mrs. Ada M. Hughes, Toronto; Mrs. Mary B. Page, Chicago; Miss Jeannette Ezekiel, Des Moines; Miss Olive Russell, Chicago; Miss Catherine R. Watkins, Washington; Miss Cora English, Kansas City; Miss Alice Parker, Pittsburg, and Miss Mary McCulloch, St. Louis.

Sold His Farm Too Cheap.

Wichita, Kan., April 30.—William Bendle, 35 years old, a farmer living seven miles northwest from Pratt, killed himself with a shotgun. He worried over the loss of \$1,000 in the sale of his farm recently. He had disposed of the farm for \$7,000 and a few days later was told that he could have sold it for \$8,000. He left a widow and a child.

Eight Killed in Mine.

Birmingham, Ala., April 30.—Eight miners were fatally burned and four others missing, are believed to have been killed at Marvel in an explosion in the Roden Coal company's mine. There was a full complement of men in the mine at the time of the explosion, but most of them escaped at the first alarm.

Begged for Death Sentence.

Milwaukee, April 30.—With his head swathed in bandages from an attempt to kill himself against a stone wall, Jacob Krejlik, a tailor 30 years old, begged Judge Backus to sentence him to death for killing his sweetheart.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop It in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces. Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

Mrs. Anderson Buys Piano.
Mrs. Minnie Reece Anderson of Elmo, who formerly worked for the Field-Lippman Piano people, has bought a Cable piano of D. W. Snodgrass.

Almost a Miracle.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Texas, was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at the Orger-Henry Drug Co.

OKLAHOMA AND KANSAS FLOODED

High Water Causes Heavy Damage in Two States.

TRAIN SERVICE DEMORALIZED

Heavy Rains of Past Three Days Put Streams Out of Banks—Rivers Cut New Channels.

Oklahoma City, Ok., April 30.—The Arkansas and Grand rivers are out of their banks and overflowing the fertile farms in the bottom lands. The Arkansas rose seven feet in 12 hours and is within one foot of its high water record. The Muskogee power plant at Hyde Park is threatened and traffic has been suspended on the interurban between Muskogee and Fort Gibson. Part of the track is expected to go out during the night.

Thousands of acres of land are inundated and it is feared the early potato crop is ruined. The Grand river has cut a new channel near Fort Gibson and is flooding into Ross lake, near Keota. The Arkansas has cut across the bottoms towards San Bois creek.

Additional heavy rains in northern Oklahoma and southern Kansas, which are reported to have been of the proportions of cloudbursts, increased the flood waters in the minor streams, and caused numerous railroad washouts.

The Katy suffered particularly on its Oklahoma division. In 23 places between Hominy and Nelagony, the track is out and water is over the roadbed.

Galena District Flooded.

Galena, Kan., April 30.—Zinc and lead mining, railroad and farming interests in the southeast corner of Kansas suffered heavy damages from flood waters in Spring river from the unprecedented heavy rains of the past three days. The flooding of the city waterworks pump station has left Galena without water for domestic use or fire protection. No relief is in sight within 24 hours at the earliest. The flood in Spring river is the highest in 17 years and at Badger, a little mining camp north of here, much damage was caused to mine owners and farmers when the water poured over the dike at a depth of two feet.

High Water Record Broken.

The crest of the flood at the Empire District Electric company's power dam at Lowell, southwest of Galena, was reached during the afternoon when the water poured over the dam five inches deep. The reading then was 29 feet 5 inches, or 13 inches higher than the record flood since the erection of the dam.

The county bridge below the dam is endangered. The company was compelled to resort to the use of dynamite in breaking up the driftwood jam at the flood gates of the Bypass bridge about a half mile above the dam. Train service on all roads to Galena has been crippled, but the M. K. & T. is most seriously affected. Eight hundred feet of track east of the company's Spring river bridge is so badly underwashed that train service may not be restored for two days. The bridge has been held in place by cars loaded with rock. Many mines are under water and the damage to the industry will approximate \$50,000.

SPANISH WARSHIP TO ST. LOUIS

Naval Reserves to Get Isla De Luzon Instead of Monitor Amphitrite.

St. Louis, April 30.—The protected cruiser Isla De Luzon, which will be stationed at St. Louis for the use of the Missouri naval reserves, instead of the monitor Amphitrite, has left New Orleans. Thirty-nine members of the reserves and six officers now are at Memphis, and Lieut. Schwartz will take about 30 more to man the warship.

The vessel was one of the ships of the Spanish fleet sunk by Admiral Dewey at Manila and later was raised and repaired. It is 192 feet long and carries a main battery of four-inch rifles and a secondary battery of rapid fire guns.

Kansas Woman Took Acid.

Peabody, Kan., April 30.—The body of Mrs. G. W. Camp, reclining on the floor of her home here, was found by I. A. Shriver, a neighbor. She left a note stating she feared loss of mind from worry over the loss of her husband, Judge Camp, who died in January.

Oklahoma Gale Loss Grows.

Oklahoma City, Ok., April 30.—While there have been no additions to the list of 54 killed in storms which swept through sections of Oklahoma the number of injured is much larger than at first reported. The property loss is greater than indicated in early reports.

Train Wrecked a Motor.

Chicago, April 30.—Three persons were killed and two more were severely injured on the Illinois Central railroad track at North Riverside, a suburb, when a motor car was struck by a passenger train.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

Wabash Invests Two Million Dollars in New Steel Rails.

The Wabash railroad has purchased for its new second track construction and for renewal of existing tracks 36,000 tons, approximately 1,000 car loads, of rail, which, with the frogs, switches, joints, spikes, bolts, tie plates and other fixtures, makes the largest order for steel products placed this year. This order calls for an expenditure of more than \$2,000,000.00.

When railroad construction was in its infancy and metal came into use for railroad track, a flat iron rail about 2½ inches in size, weighing thirteen pounds to the yard, was spiked to longitudinal stringers; now the rail is a heavy steel girder six inches high, weighing 90 and 100 pounds per yard, 33 feet long and capable of carrying tremendous wheel loads.

A number of roads are now fastening rail to the ties with a screw spike, which is used largely in France for that purpose instead of the ordinary spike which is driven like a nail.

In England the rail is an oblong shape held in a chair with a wedge and differs from the girder rail so generally used in America, in that it is of a much lighter section; and this is true of the rail in foreign countries generally, where the equipment is not so heavy; therefore, the heavier rail is not so essential as in this country.

A marriage license was issued by Recorder Wray Tuesday morning to Thomas J. Brady and Emma I. Lavelle of Maryville.
